RESCHEDULED EVENT!!

On February 20th, the 9th-12th grade students were scheduled to travel to Chamberlain for the Region V High School Solo & Ensemble Contest. However, because of the snowy weather and poor driving condition, Parkston had to withdraw. Luckily, the students will still have an opportunity to showcase their contest pieces!

Thursday, March 7th was originally only a 5th-8th grade event but now the 9th-12th grade students will participate as well. All 70 of the 5th-12th grade students participating in band this semester will perform their contest piece that night! Four different school rooms with four different adjudicators will be used to help keep students cycling through throughout the night.

The schedule for the event will come out before the end of February and will include the following information:

1. The student's name.
2. What time they are to start warming-up.
3. What room he/she performs in.
4. What time he/she performs.

If you have any questions about the reconstructed event, please let Mr. Kurtz know ASAP.
